Short answer: Community-based ecotourism refers to lodges and tourism attractions that are owned by grassroots community conservation organizations. In these communities, tourism helps to conserve tropical forests, preserves local culture rather than destroying it, and helps farmers supplement their income so that they can stay on the land.

What is community-based ecotourism? - Community Based ...

The term 'community-based ecotourism' takes this social dimension a stage further. This is a form of ecotourism where the local community has substantial control over, and involvement in, its development and management, and a major proportion of the benefits remain within the community.
