The Journal of Early Childhood Research is a peer-reviewed journal that provides an international forum for childhood research, bridging cross-disciplinary areas and applying theory and research within the professional community. This reflects the world-wide growth in theoretical and empirical research on learning and development in early childhood and the impact of this on provision.

Journal of Early Childhood Research: SAGE Journals

This research-paper focuses on the curriculum and practice of early childhood—a contested territory. Throughout the 20th century, discussions of early childhood have been driven by debates between those who hold that work with young children before school age should be seen as child care and those who see it as education.

Early Childhood Research Papers on the Understanding of ...

Early childhood education is formal schooling for children who are classified as early childhood. This classification usually refers to children who are between the ages of five and eight. This does not include learning that takes place within the home setting. Day cares and childcare centers do not necessarily qualify as early childhood education institutions; however, many have begun hiring certified teachers to put more emphasis on learning. This is a model introduction for a research paper.
