Ferguson's monumental Hellenistic Athens(1911) has remained the fundamental source for religion in Hellenistic Athens and is widely cited in the most recent studies of Hellenistic Athens. Ferguson saw in the development of religion in Athens many of the elements described above, and it is because of his critical importance to this area of study and because of others' dependence upon him that in what follows I occasionally address his arguments directly and explicitly.

Religion in Hellenistic Athens: Hellenistic Culture

The concept of Hellenistic religion as the late form of Ancient Greek religion covers any of the various systems of beliefs and practices of the people who lived under the influence of ancient Greek culture during the Hellenistic period and the Roman Empire. There was much continuity in Hellenistic religion: people continued to worship the Greek gods and to practise the same rites as in Classical Greece. Change came from the addition of new religions from other countries, including the Egyptian

Hellenistic religion - Wikipedia

Until now, there has been no comprehensive study of religion in Athens from the end of the classical period to the time of Rome's domination of the city. Jon D. Mikalson provides a chronological approach to religion in Hellenistic Athens, disproving the widely held belief that Hellenistic religion during this period represented a decline from the classical era.

Read Download Religion in Hellenistic Athens PDF - PDF

The characteristic religion of the Hellenistic period was dualistic. People sought to escape from the despotism of this world and its rulers (exemplified by the seven planetary spheres) and to ascend to another world of freedom. Hellenistic people saw themselves as exiles from their true home, the Beyond, and they sought for ways to return.

Hellenistic religion - Beliefs, practices, and

Hellenistic magic, theurgy, astrology, and alchemy remained influential until modern times in both East and West. Theosophy and other forms of the occult, especially since the Renaissance, drew their inspiration from the Hellenistic mystery cults, Hermeticism (Greco-Egyptian astrological, magical, and occultic movement), and Gnosticism. Various Jewish, Christian, and Muslim sectarian groups continued the theologies of many of the Hellenistic religions (especially dualistic modes of thought).

Hellenistic religion - Religious organization - Britannica

The changes attributed to Hellenistic Greek religion largely came from this religious multiculturalism in other metropolitan areas and Alexandria eventually affecting all other parts in Greek world. During the Hellenistic period the Greek religion had turned out to be a highly developed polytheism of a comprehensively anthropomorphic kind. The Greek gods were just merely male and females with normal human passions and sins but more powerful indeed but not so righteous than the people who ...

The Hellenistic Period in Greek Religion

Hellenism (or Hellenismos) is the most common term, used chiefly as a name for the modern religion by its adherents today, though it can also refer to the ancient Greek religion and culture. The term Hellenismos originally stems from a 4th-century AD systematization and revival of Greek religion by the Roman Emperor Julian.
