Sharp televisions come in a
variety of models with
different features to meet
the needs of consumers.
Though all Sharp television
models have different
features, some problems that
arise, such as issues with
the television's volume, are
common among all models.

My son brought me his Sharp Aquos (Model LC-60LE644U) TV that wouldn't turn on (he said, previously, it would work for a couple of days and, then, wouldn't turn on again, for several days. Now, it doesn't turn on, at all). The red LED is lit. From his symptoms and checking other posts, I thought it was a bad Power Board, so I ordered a
